## Relevant Experience

### Tech Lead @ Luvstay

Dec 2018 - present => Naryana Ind Area, New Delhi

Implemented proposed front-end platform collaborating closely with backend team members.

Engineered and maintained website cosmetics while managing two team members for efficiency during development.

Worked as a team of three front-end developers to solidify current architecture.

### Web Developer @ Luvstay

Nov 2017 - Nov 2018 => Naryana Ind Area, New Delhi

Engineered and maintained in-house website on Wordpress using HTML, CSS, JS.

Proposed and worked over a cleaner user interface and brand design with front-end cosmetic makeover, using PHP (CodeIgniter) and Bootstrap.

Implemented several media campaign assets.

### Co-op Intern @ HeavensBowl

May 2017 - Oct 2017 => Seemapuri, New Delhi

Maintained and developed in-house website on Wordpress using built-in plugins and HTML, CSS.

Tested site on various browsers and devices to ensure cross-browser compatibility and mobile responsiveness.
